Our Purpose

We serve to allow users to search and browse a variety of games through our **game store**.
Users can chat and create discussions through our **community forum**.
Publishers can also publish their own games alongside our expanding library.

Requirements

Game Store

1. Allows users to find games by search.
2. Allows users to sort games by category and date.
3. Allows users to create an account to log in and sign out.
4. Allows account users to request publishing games.
5. Allows administrators to publish game requests.

Community Forum

6. Allows account users to make posts on forums.
7. Allows moderators to moderate user forums.
8. Allows account users to like/dislike posts.
9. Allows users to find posts by search.
10. Allows users to sort posts by likes and date.
